

The Pesticide CEU credits are APPROVED as follows:

- January 25- 4 CEUs for Category 3
- January 26- 3 CEUs for Category 3.

*** With recent changes to the Regulations, they no longer qualify CEU trainings for 'general' credits. All credits are rated as 'specific.' New regulations only require 1 CEU credit specific to the category of certification, with remaining 11 CEU requirements being available in any category of credit.*

For example, if you have a Cat 3 certification, you can have 1 Cat 3 CEU, 4 Cat 6 CEUs and 7 Cat 8 CEUs and your certification will renew. (as long as you have a total of 12 by the time certification expires)
